

Haden Building Management relaunches as Balfour Beatty WorkPlace

14 November 2008

Haden Building Management, a market leader in the provision of facilities management and M&E services to both the private and public sectors and a Balfour Beatty company, is to be renamed Balfour Beatty WorkPlace as it repositions itself in the market place.

The move follows extensive research and internal consultation in order to reflect its position as a total facilities management provider.

Commenting today, Balfour Beatty WorkPlace Managing Director, Kevin Craven said;

“This new brand will allow our company to develop and diversify, building on the strength and versatility of the Balfour Beatty Group.

“We are not simply changing our name but setting ourselves apart from the competition by providing integrated facilities management services with large-scale, high-quality market-leading solutions, and the resources, technology and knowledge of our people.”

The company’s vision has been revised: ‘to create the environments that enable people to achieve their potential’

Kevin Craven concluded;

“Our reputation rests firmly on the performance of our people and we will continue to invest in them to make us the best in the business.”
